Well-being & Best Practices to Create a Better Place to Work

Join our exclusive webinar, where we explore the intersection of well-being, workplace excellence and the employment legal framework re-defining the employment relationship. Discover the legal tools and best business practices to cultivate a thriving work environment. Elevate your organisation's culture and meet the challenges of the new regulatory environment.

Throughout this session, we will delve into the crucial rights, responsibilities and compliance measures essential for fostering well-being and employees satisfaction.

Nectorios Notis, Founder - CEO at NOTICE, will moderate the discussion.
